Relationship Policy

School Ethos and Values

Parkview Primary School helps each of us to be happy, learn well and behave brilliantly.

From the first steps in the School Nursery or Reception Class, right through to Year 6, we focus on developing the life skills of our pupils, as well as academics. We want to make a positive difference to the life chances of the children who attend Parkview Primary. We want to develop high quality classroom practice that allows all children to prosper and flourish.

Unconditional Positive Regard

At Parkview Primary School, we show unconditional positive regard for our children. Our school is based on having positive relationships, where we are happy and relaxed to learn and play in a welcoming, caring and safe environment.

We treat the children with:

- · Genuine warmth
- Genuine care
- Flexible consistency we understand the needs of individual children.

The ethos of Parkview will be displayed in every class and throughout the school, where appropriate. They will provide an on-going guide to everyone: children, staff and visitors, each and every day.

The children receive a meet and greet every morning. Their first meet and greet will be as they enter the school from a teaching assistant and their second one will be from their class teacher at the classroom door. The child's first interaction with school is a positive one every day where they will be given a warm greeting.

In writing the Relationship Policy, we have listened to our children and included their ideas throughout this document.

Praise and Rewards

At Parkview, we believe there are many ways to praise and reward children. Praise is a genuine, authentic, rational recognition and acts as a positive motivator for children. Examples of praise include:

- Verbal encouragement
- Words of praise
- A thumbs up
- A smile
- A high five
- A note home from the teacher
- A dojo message home
- A phone call home
- Attendance recognition each week in assembly

Rewards are also given out and are a physical item given to the children. Examples of rewards include:

- Special stickers and praise from the Head teacher on completion of a sticker chart
- Stickers for their smiley sticker chart
- Certificates in the weekly achieve assembly linked to a whole-school theme
- Certificates from midday supervisors each week and lunch on the Top Table with a friend
- Green tokens for the class and a reward.
- Individual class prizes for various activities
- Attendance recognition each week in assembly
- · Star of the week certificate
- Table points
- Dojo points for children in the nursery

Recognition Board

There is a recognition board in every classroom. This is a visual celebration which highlights a range of positive things happening in terms of learning and behaviour. This is a focus entirely on the positive praise. It is motivational and celebratory. Authentic and genuine praise is given to the child and their name is written on the board.

Sticker Charts and Green Tokens

When children receive 100 stickers, they can earn a choice of hot chocolate with cream and marshmallows for example. For 200 stickers, they could have a treat from the treat box and for 300 stickers, they could have time on the ipad.

When a class earns 40 green tokens, they will earn a class treat. The treat will be decided upon before the tokens are awarded, so that the children will know what they are working towards. Possible treats might include, 30 minutes on the school field or water fun for 30 minutes.

Sanctions of poor behaviour and Restorative Practice

At Parkview, we use the Good To Be Green system. Each child starts on a green card every day. However, if children make poor behavioural choices, they change their card to either yellow or a red card. Children are able to earn their yellow card back to green if they change their behaviour choices.

Some behaviours to a warrant a yellow card include:

- Shouting out
- Screaming
- Unkind hands
- Answering back
- Refusal to cooperate
- Rough play
- Damaging property
- Taking items that do not belong to them
- Avoidant behaviours
- Not being truthful
- Spitting
- Stealing

Some behaviours warrant a straight red card. These include:

- Physical contact e.g. pushing, punching, kicking, biting, scratching and fighting
- Aggressive verbal abuse
- Swearing
- Intentional damage of property

Teachers will use their professional judgement when making this decision. Children will initially be seen by their class teacher. However, if poor behaviour choices continue, the child will then be seen by their Key Stage Leader, then the Deputy Headteacher and finally by the Headteacher.

Sanctions of poor behaviour include:

- A verbal reminder of the rule or instruction. These are positive reminders about making the right behavioural choices.
- The children are asked to move their card to yellow and they lose half of their breaktime.
- If the behaviour continues, the child is asked to move their card to red and they will lose all of their breaktime. They may also lose some or all of their lunchtime.
- If the incident is deemed serious, the child will receive an intervention with a member of staff and complete a restorative practice activity.

Restorative practice helps to build positive, healthy relationships, resolve difficulties and repair harm where there has been conflict. At Parkview, we believe when harm has been caused by inappropriate, sometimes thoughtless, negative behaviour then all sides need:

- a chance to tell their side of the story and feel heard
- to understand better how the situation happened
- to understand how it can be avoided another time
- to feel understood by the others involved
- to find a way to move on and feel better about themselves

See appendix 1 and 2 for the sheets used for restorative practice in KS1 and KS2.

For instances of exclusion, both internal and external, please see our exclusion policy for more details.

From September 2024, the children and staff joined one of four houses: Elm, Elder, Oak or Cedar. Children collect points for their house throughout the year, with the winning team rewarded at various points.

Early Years Foundation Stage

This stage sets the foundations for good behaviour. In the nursery they do use the Good to be green system. The Reception class do use the Good to be Green system and have green time every week. Praise, rewards and sanctions are on a much simpler scale:

- Verbal praise and dojo points are awarded.
- Children who remain green all week receive green time on a Friday. Children choose favourite toy(s), film or extra outside time (either Nursery Reception garden or adventure)
- The children collect 20 stickers and then have a small prize from the small prize box.

• For every 100 stickers they receive a prize from the big prize box.

Reasonable Force

Staff in school have a legal duty of care and have a legal power to use reasonable force. This power applies to any member of staff within the school. It can also apply to people who the Head teacher has put in temporary charge of groups of pupils such as unpaid volunteers or parents accompanying children on a school visit. Staff have received training in de-escalation techniques and positive handling to reduce restraint and risk in school. However, the Team Teach training provider state, "Team-Teach techniques seek to avoid injury, but it is possible that bruising or scratching may occur accidentally, and these are not to be seen necessarily as a failure of professional technique, but a regrettable and infrequent side effect of ensuring that the service user remains safe". (George Matthews, Director)

It is always unlawful to use force as a punishment.

Issues of bullying or child on child abuse of any kind are reported immediately to the Headteacher (please refer to the Anti-bullying policy and Safeguarding policy).

Online Safety Policy

Children are taught how to keep themselves safe online in the computing lessons. Online safety is a running and interrelated theme in our whole-school curriculum.

Special Educational Needs and Mental Health

Pupils with Special Educational Needs and mental health difficulties may need an individual behaviour plan to better suit their individual needs. Staff will identify the pupil's individual needs, create a plan on how the pupil will be supported and review its effectiveness once it has been put into place. This will take place using assess, plan, do, review approach. This will be reviewed with parents.

This policy is linked to the Anti-Bullying Policy, the Anti-Racism Policy and the Equality and Diversity Policy. The Sexual violence and sexual harassment between children in schools and colleges (2021) guidance is used to support this policy. This advice sets out what sexual violence and sexual harassment is, how to minimise the risk of it occurring and what to do when it does occur or is alleged to have occurred. We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation. We want everyone connected to this school to feel safe, secure, valued and of equal worth.
