

## **Derby City Council SEND Local Offer**

Local Authorities are required to publish information about services they expect to be available in their area for children and young people from birth to 25 years who have SEND; and also services outside the area which they expect children and young people for their area will use.

This is known as the 'Local Offer'.

Every local authority must talk with children and young people with special educational needs or disabilities and their families to find out what sort of support and services are needed. There will be many different types of services that children and young people may need, including support services in school and specialist health services.

Children, young people and their families may also have ideas about what leisure activities should be available, and what services are needed to help young people move towards independence in adulthood.

Every local authority must have a Local Offer that is available online, and must make sure that people without access to the internet can also see it. The local authority must tell children and young people and their families how they can find out more about the Local Offer. The local authority will then decide what services to make available.

Every local authority must get feedback on its local offer from young people and their families. They must show what feedback they have been given and say how they are going to make improvements to the Local Offer and services.

A Local Offer should also include information about what transport services are available for children and young people with special educational needs or disabilities and if there is any help available to pay for these services.

Follow Derby's SEND Local Offer on Facebook.
